

Canada Day Bowling Game

Find some items that can be your pins (empty cans or bottles, plastic containers, toilet paper or paper towel rolls) and find a ball to use to knock down the pins. If you don't have a ball, take a sock and roll it up to use as a ball.

Label the pins with the word CANADA or CANADA DAY depending on the number of items you have.

Set them up in any configuration you like. Adjust them further apart or closer together to modify the difficulty of the game.

THE GAME

Option 1: roll the ball to try to knock as many pins down as you can.

Option 2: keep score and give a value to each of the letters. For instance, if you knock down the A it is worth 1 point. Below is a sample points chart but you can make it what you would like.

Letter	Points
A	1
C	2
D	3
N	4
Y	5

Option 3: set pins up a bit away from a wall and use a bouncy ball to bounce off the wall before knocking down the pins.
